

Aurora Local Farmer's Market
Annual Board Meeting
March 27, 2015

On March 27, 2015 Aurora Local Farmer's Market held their annual board meeting. The meeting was called to order at 7:05 by Trish Matheny-Market Manager. Present at this Meeting was David Lamp-Asst Market Manager, Kathy Kimberling-Secretary, Margie Freeman-Treasurer, Cathy Lochirco, Ginny Dorey, Julie Phillips, Brown Family, Rose and Clyde Hultz, Wayne Perkins.

Started out explaining to everyone about the new senate bill 727. Which is anyone selling produce and making less than \$25,000.00 a year, they do not have to collect or pay in sales tax. But anyone selling craft is still required to collect and pay in sales tax. And we still need a NO TAX DUE letter when turning in your paperwork this year to be sure your taxes were paid for 2014.

Rose brought up that since we were on Sutherlands parking lot that we shouldn't let anyone in selling plants as long as Sutherlands had plants. Trish said that Mike at Sutherlands said he didn't have a problem with us having a vendor selling plants at our market.

Rose asked about signs. Asked if everyone thought it would be ok if she put the market information on a sign that she has in Crane by her old greenhouse that she is not using. Everyone thought that would be a good idea bring more people from out of town. Also she wanted to know if Sutherlands would let us put a banner between their big sign they have up. Trish said she would ask Mike at Sutherlands about that.

Then we discussed rule number 25. This rule concerns the restrooms at Sutherlands. Sutherlands is nice enough to let us use their restrooms. So we would like for all vendors who use them to make sure they are kept clean. If you see a mess in the restroom please let someone at customer service know so they can take care of it.

Kathy then went over that the finance report. Explained how much money came in and what money went out. We also let vendors know that this year's fee has gone up to \$30.00 this season. Explaining that we still need to get our 501c.

Then explained about a statement that we added to the application. We would like to have vendor make a commitment at the end of the season about coming back the following year. That way we have an idea what we will have coming the following year.

Last on the nights agenda were the nominations for board.

Started off with nominations for Treasurer-Rose Hultz nominated Margie Freeman for Treasurer, David Lamp seconded the nomination. Ask all in favor-everyone in favor. Margie Freeman is Treasurer. Second up was Secretary- Margie Freeman nominated Kathy Kimberling for Secretary, Wayne Perkins seconded the nomination. Ask all in favor-everyone in favor. Kathy Kimberling is Secretary. Next up was Asst Market Manager-Julie Brown nominated David Lamp for Asst Market Manager, Rose Hultz seconded the nomination. Ask all in favor-everyone in favor. Last up was Market Manager-Rose Hultz nominated Trish Matheny for Market Manager, Margie Freeman seconded the nomination. Ask all in favor-everyone in favor.

We then discussed who had what planted if anything and when anyone thought they might have anything available. One vendor said he had some lettuce planted hoping to have some available soon. Trish had brought in several seed catalogs she had gotten in the mail and told everyone that they could take whatever they wanted. The market will officially open in May but she said if anyone had anything available before then they could set up anytime. Just let her know so she can post it on facebook.

Trish then asked if anyone had any concerns or issues they thought needed addressed at this time. No one had anything they needed to bring up so meeting was adjourned.

Aurora City Council

The Aurora Local Farmer's Market is all locally grown or locally handmade. The area that is considered local is any county that touches Lawrence County. We require all vendors to have all paperwork processed before allowing them to set up. In the past everyone was required to have a sales tax ID number and a NO TAX DUE letter. (This year we only require sales tax ID from anyone selling crafts due to the new Senate bill 727). If vendor did not have one, we let them know how to apply for one. Told them that as soon as they got all paperwork required they could come back and setup and sell. Also, if the state required any license for anything they were selling they would have to get them also before selling. Example: Egg license, nursery license for selling perennial plants.

There is a procedure that we follow if anyone has a problem at or with the market. These procedures are outlined in our rules and regulations number 14.

For our market advertising in the past we did place ads in the local paper. But the past few years we have had several stories in the paper about the market. Things that the market were doing and what would be coming up. We use Facebook as our connection to our customers, which is updated every market day with what produce and products we have that day. We also have canvas bags that have our name printed on them. We have t-shirts with market name. Also our market is listed on several website.

We are enclosing in this packets samples of our paperwork that we have vendors fill out.

Copies of paperwork that we will require vendors to fill out this year 2015.

Sample of 2014 paperwork that we required from vendors last season.

Copy of Webb City Farmer's Market paperwork that they require for their market, so you can see what other markets require.

Also enclosed is copies of ads and stories that have been in the local paper.

If we have any questions as to any Farmer's Market concerns we can contact anyone with the Missouri Agri to help us with information.

No vendor shall set back product or sell product to anyone prior to the opening bell, excepting that vendors may set back for market volunteers, vendors and musicians as long as the request is made discretely out of sight and hearing of customers. Each vendor may set their own pre-order policy, but pre-orders must be taken prior to the vendor leaving their home or farm. The market recommends that vendors store pre-orders and set backs out of customer view.

EBT

All vendors shall comply with federal and state regulations on Electronic Benefit Transfer /SNAP/food stamp tokens. In particular, no vendor shall give cash in exchange for or as change for any EBT token nor shall vendors accept EBT tokens in payment for non-qualifying purchases. Vendors who add sales tax to product sales shall not add sales tax to any EBT sales. All vendors shall treat EBT customers with the same courtesy afforded all other customers.

Vendor time-share

All vendors shall donate a few minutes of their time once a week to assist the market managers in set up or take down. This requirement may be waived by market managers for vendors participating in ESL classes and vendors with physical limitations.

Facility

1. Every vendor shall sweep their space from side to side to the center of the pavilion before leaving for the day. Paper and plastic trash as well as fallen produce should be placed in the trash bins.
2. No vendors, market manager or customer shall drive or park their vehicle under the pavilions on the concrete floor. Vendors shall take care not to damage the pavilion floor and the pavilion.

Placement policy

No vendor will receive more than one space unless extra space is available.

The following priorities will be used by the market management to determine placement in and around the pavilions, as well as space size. The market managers' decision can be appealed to the market board by filing a written request with the market president.

1. Produce growers shall be given highest priority.

Value-added food for human consumption and plant vendors shall be given second priority.

Craft and other vendors shall be given last priority.

Classification shall be determined by the percentage of sales. For example, to be considered a produce grower, more than 50% of sales in dollars must be produce.

2. Volume of sales. Using the previous year, placement preference shall be given to vendors with the highest season sales volume. Vendors selling an average of less than \$50 per market in the previous year or who attended the market irregularly may be required to take a smaller space, a center aisle booth or a pop-up space if the managers deem necessary. They may also be limited as to the day of the week they may sell. New vendors will be placed where the manager deems best, but may be moved to a less desirable or smaller space if vendor sales are \$50 or less per market day after one month of sales.

3. Regularity at the market. Vendors who attend both Tuesdays and Fridays and/or Saturdays and vendors who are at the market through most of the season shall be given placement priority.

4. Number of years selling at the market.

5. The managers may group vendors according to their usual departure time in order to retain a compact market until closing time.

If you wish to sell at the market this season, fill out and return the attached application to me with applicable fee. You keep the rules and policies for your future reference.

In 2015, crafters will be limited to one Saturday per month, except during September and October when crafters may come more often if we have space available and during the winter market. Please advise on your application, which Saturday you would prefer. We will try to accommodate.

The Saturday market is open from 9 to noon.

Vendors are allotted one **space**, but may have to squeeze in during busy times. When extra space is available it is allocated according to market policy to those vendors who request it. Crafters may be in the center aisle of the south pavilion.

All crafts **MUST** be related to garden, food or kitchen use or repurposed (recycled material such as braided rugs made out of old fabric) except during the Christkindlmarket. A Christkindlmarket application is available on-line at webbcityfarmersmarket.com.

All vendors must have their own **sales tax number or a senior exemption certificate or be an exempt farmer.**

If you have questions, please contact Eileen Nichols - eileennichols@sbcglobal.net and 417 483-8139.

Webb City Farmers Market – 2015

Market Managers – Eileen Nichols 483-8139, Marilyn Thornberry 621-8361, Janet Taylor - 529-0323

1. Fees – Vendors in the craft category shall pay 5% of daily sales.
2. Regular season – The market is open year-round on Saturdays from 9 to noon, plus Fridays and Tuesdays during the high season. Only Saturday is available to crafters.
3. No vendor shall sell or set back for later sale before the opening bell rings excepting that market vendors may honor set back requests made prior to opening by other vendors, volunteers and musicians if such requests are made very discretely out of sight or hearing of customers.
4. New craft vendors may have an on-site inspection made by a market representative prior to selling at the market. Returning vendors may be inspected in the case of major product or location change. The manager may visit any vendor at any time at her sole discretion.
5. All value added products are allowed at market managers' discretion. Handcrafted items are allowed at the market managers' discretion and may be juried prior to acceptance. Crafts must be food, garden, or kitchen related or environmentally related.* Craft spaces are only available on Saturdays. During high season (May through September) craft vendors may be limited to one Saturday per month.
6. All products must be made by the vendor – absolutely no re-selling of any item shall be permitted with the exception of individually approved non-profit sales (for example, girl scout cookies). The manager, after consulting the board, may allow resale of products that are not practical to produce locally if they are directly related to the market's mission – such as seed packets to encourage growing. All products and produce sold at the market must comply with state and local regulations.
7. Any complaints by a vendor alleging reselling by another vendor shall be submitted to a market manager in writing and signed by the complainant. The name of the complainant shall be kept confidential. The market managers may, at their discretion, require a good faith fee (to cover gas costs) with the complaint, which shall be refunded if the complaint proves valid.
8. Products must be made within 50 miles of Webb City. The market manager may make exceptions to the distance limitations if the product is in short supply at the market.
9. Vendors may participate in the market only after approval of their application by the market managers.
10. Stall size and location assignments shall be made by the market manager. Due to space constraints, the market cannot guarantee a minimum size space but will try to accommodate vendors according to the market priority policy. (Copy of all policies available upon request)
11. All scales must meet state regulations.
12. Each vendor should set his own prices. All prices shall be clearly posted. Vendors are urged to sell at a fair market price. Dumping is not allowed. Vendors wishing to give their product away will be connected with local charities.

13. Each vendor shall maintain a clean and healthful condition within his/her area (from side to side & to the center of pavilion) and leave that area free of debris prior to quitting each market day. Each vendor shall remove his/her own garbage and shall not place more than a handful of trash in the market's trashcans. All products should be displayed in an attractive manner. Vendors should not bring pets to the market or smoke under the pavilion. Vendors shall maintain themselves in a clean, attractive manner.
14. All vendors, except non-profits and qualified seniors and farmers, must have a Missouri sales tax number. Applications will not be accepted without a sales tax number listed. The appropriate state and city sales tax must be collected unless the seller has a state sales tax exemption certificate.
15. Vendors must at all times conduct themselves in a pleasant and courteous manner. Controversial topics shall not be discussed or displayed by vendors at the market.
16. Vendors shall not drive or park vehicles or trailers on the grass without prior approval from the market manager. Vendors shall not at any time drive or park upon the concrete under the pavilions. Vendors shall at no time drive on private property east of the alley.
17. Use of electricity must be pre-approved by the market manager.
18. Vendors may not accept food stamp tokens for non-food items, but may accept the market's \$5 cash tokens. If the total tokens redeemed during a single market exceeds \$50, the craft vendor will be charged a 3% redemption fee. Otherwise there is no fee for redeeming tokens.
19. Each vendor must have made the products that he/she is selling or may have a regularly employed agent sell products grown or made by said vendor. The employee should be involved in the production and harvesting or producing of the product being sold and knowledgeable about the product. The market requires that, for a majority of the time, the booth be staffed by a principal in the business. Vendors may not sell products purchased from wholesale or retail sources or products from other growers. Violation of this rule will result in the vendor being prohibited from selling at the market.

*See the Christkindlmarket application for special craft categories in November and December.

Members of the Aurora City Council will address issues related to local farmers markets at their meeting on March 24.

Council member Linda Barton brought up the topic during the forum portion of the meeting on March 10. Since members had a variety of questions about the markets and the item was not on the evening's agenda, they agreed to place it on the next meeting's agenda. Plans call for the item to be the last on the evening's agenda.

The meeting is set for 6:30 p.m., in council chambers on the third floor of city hall, and is open to the public.

Only one item of new business was on the March 10 agenda. Members unanimously approved adding "any other characteristics protected by law" to Section 130.070 of the city's personnel policy.

Ken Reynolds, city attorney, noted in his report that he had sent two letters to businesses regarding non-payment of state taxes and the revocation of their business licenses. One business shut down.

Mike Randall, city manager, spoke with the council about transferring a city car used by staff at city hall to the police department for detectives.

Randall also spoke about putting things in place so city patrons can pay various bills via credit card. More work will be required to fine tune the issue.

Time to plant garden is near

It is time to start planning your garden and what you will be planting for this season, reported Trish Matheny, market manager for the Aurora Local Farmers Market.

The group is looking for vendors to sell produce they have grown themselves, along with baked goods, crafts and home-made goodies.

"With the Aurora Local Farmers Market, you will need to have a Missouri sales tax identification number and any license needed by the state," said Matheny. "Depending on what you have to sell, all products must comply with state and local laws, and you must live in a county that touches Lawrence County."

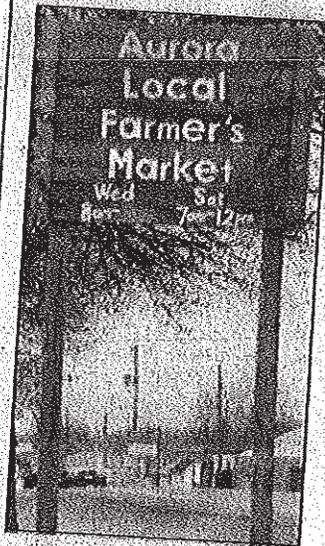

Applications will be subject to board approval before membership will be approved. The deadline for an application for selling produce is June 1. All applications to sell other things homemade will be accepted throughout the season.

"Our fee structure is \$20 for the season. Our season runs from May 1 to around Halloween, depending on the weather. Our days are 8 a.m. to noon, Wednesdays, and from 7 a.m. to noon, Saturdays," said Matheny.

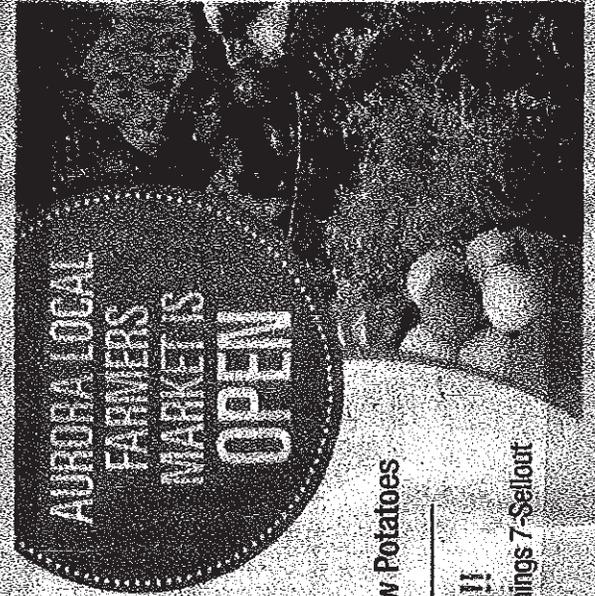

The market is located on the west side of Oak Park (Park Avenue).

"We are looking forward to a great season and hope to see you there. Many vendors have been in contact with me and can hardly wait for the snow and cold weather to end so we can start planting seeds in our gardens," added Matheny.

If interested in joining the local market, call 678-2324 and leave a message with return phone number and name.

LETTER TO THE EDITOR AURORA ADVERTISER

Dear Editor,

I was driving through your fair city on Saturday, May 19, and stopped at the park where some tables were set up with people selling their goods.

After purchasing some things from three different tables, I went on my way to Tulsa, Oklahoma. I then stopped at a neighborhood garage sale about 10 miles north and realized I had left my wallet on one of the tables in Aurora.

I turned around and

drove back to the park in Aurora to find all the tables were gone. My heart sank, as I had all financial stuff along with over \$100 in cash. I asked around, and no one knew where the vendors were.

I then went to the convenience store to the west and asked the owner if she knew anything about the people. She said "no" but directed me to the police station to see if it might have been turned in.

As I walked in the door, one of the ladies I had purchased from

jumped up and said, "There she is!"

My wallet was returned intact, and they wouldn't even accept a reward. The gentleman is in charge of the farmers' market at the park, and the lady had a table of baked goods. The table I left my wallet on was the Amish family with flowers.

I truly appreciate everyone concerned with this possible catastrophe. May the good Lord bless you all.

Thank you again!

Sincerely Yours,
Peggy Rowe

Members of the Aurora Local Farmers Market presented 11 dog beds to the city after collecting funds for the local dog pound.

Lance Eley, animal control officer for the city, accepted the beds. He noted the mold-and-mildew-proof beds will dry quickly. In addition, the beds will keep dogs up off the concrete, eliminating potential sores.

Trish Matheny, president of the market group, said she ordered the tops for the beds and put them together with PVC pipe. The light-weight beds can be sprayed off when cleaning is necessary.

Members of the group previously made mats for the dogs; these can be put on the beds for more cushioning.

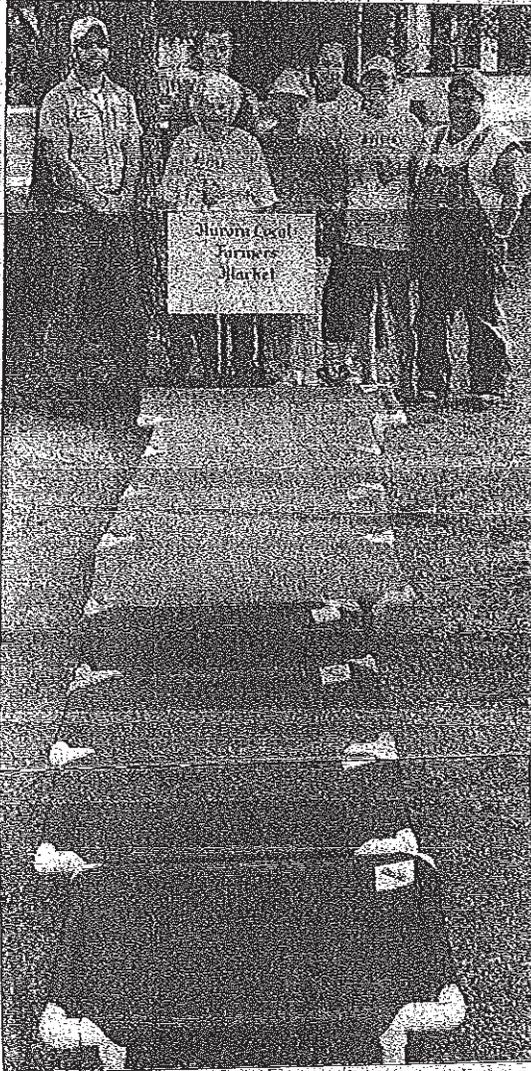

Eley said there are currently nine dogs in the city pound.

The Aurora Local Farmers Market recently moved to the parking lot at Sutherland's, 3020 South Elliott Avenue, after being located on the west side of Oak Park for several years.

"September 13 was opening day at Sutherland's parking lot. We had 12 vendors, and it was a beautiful day. We cooked up a lot of hot dogs and had quite a few people join in on the fun," said Matheny.

She expressed appreciation to Sutherland's, Sonic Drive In, B&P Discount Grocery, Price Cutters and the Aurora Fire Department for their help with opening day festivities.

The group features produce raised within 20-25 miles of Aurora. The market is open from 7 a.m. to 12 p.m., Wednesday and Saturday mornings.

"A lot of the families with kids come for the breads and pastries," said McGinnis. "They also really like the fresh eggs when we have them."

In addition to offering locally grown fruits and vegetables, farmers' markets offer a wealth of gardening knowledge, said Trish Matheny, Aurora Farmers' Market president. The Aurora market is located on the west side of Oak Park, near the intersection of Business 60 and Park Street,

and is open from 8 a.m. to 5 p.m. each Wednesday and 7 a.m. to noon on Saturdays.

"A lot of our customers come by to ask questions about their gardens," said Matheny. "It's a big gab fest. We usually have music going, and it is just a really fun atmosphere. We are a friendly and informative bunch."

The Aurora Farmers' Market offers produce from four local farms and several gardeners. Other vendors who sell their wares at the market

offer handmade jewelry, homemade dog treats and baked goods.

"Brown's Berry Farm sells here," said Matheny. "We also have many of the local gardeners who are producing well. Most of our vendors offer vegetables. We do have three who have their own greenhouses and sell flowers and plants too."

The market, which began in the 1970s, drew a total of 37 vendors last year.

"We have all kinds of customers stop by," said Matheny. "We have people who are looking for good deals, fresh ideas, fruits for canning. Everyone is looking for that first

Farmer's Market

Would like to give a BIG SHOUT of THANKS for helping with "National Farmers' Market Week".

To Price Cutter for supplying the bottled water, Journagan's Hardware for supplying the water cooler, local schools and the City Fire Department for supplying the ice needed, local grower and baker Susan Borntreger for supplying the local watermelon and cantaloupe, the City of Aurora for backing The Local Farmer's Market and last, but not least, the public for braving the hot temperatures.

Stop by your Local Market and show your support.

If you ate today, you should thank a farmer and a baker. Give us a HONK as you go by... Thank You!!!!!!
